

# Rock Solid Email Hosting

Is your Email Host fiddling when their mail servers burn?

## Chi Networks Email Benefits

- ◆ You get an enterprise email system that always works so your employees can be productive.
- ◆ The finest facilities running **HP and Dell servers**
- ◆ **24x7 premium telephone support** in India and the US.
- ◆ **No more spam!** You get a fully secured system that stops spam or viruses.
- ◆ **No more outages!** We guarantee it.
- ◆ **It's easy!** Your staff has a simple web interface to change email accounts and other services.
- ◆ Our staff in the US maintains our mail servers. **We don't sell somebody else's service so you get a faster response time.**

## Message Security

Your E mails are scrubbed in real time for viruses long before they ever hit our mail servers and your desktops. We guarantee that you will never get any kind of virus from our systems. Our regular spam filter also eliminates all spam messages from ever arriving in your mailbox. The messages are destroyed upon receipt.

## Premium Anti-Spam

You can see all the E mails that are trapped with our premium spam filter. This makes sure that any critical E mails that may have been filtered are fully available for your review before they are thrown away. Legitimate E mails can then be forwarded to your mailbox.

## Microsoft Exchange

You can purchase an upgrade to Microsoft Exchange at any time. You get the advanced features without any of the steep capital costs required to deploy a Microsoft Exchange server.
